**The Grill Friends™ Super Silicone™ Off-Set Spatula**

*Deep, 2-inch Offset Neck and Flexible Head Provides Maximum Control*

The Grill Friends™ Super Silicone™ Off-Set Spatula is the last spatula you will ever need to buy. The elongated triangular shape provides maximum flexibility and the beveled edge of the silicone gets under the food easily. The silicone coating and the beveled edge is easy on your food and doesn't cut through food as easily as a metal spatula. The attractive red and black silicone spatula is heat-resistant to 500°F, safe for all surfaces and is dishwasher-safe. It will not melt when it comes in contact with hot cooking grates or a hot sauté pan. The 2-inch deep off-set neck allows you to slide under the food without straining your wrist while keeping your hand above the fire for expert maneuverability.

“My new spatula is ideal for burgers, fish, and even flapjacks!” says Karmel. “It feels like an extension of your hand—I love the deep offset handle, it lets me slide under the food without straining my wrist and keeps my hand away from the fire. It's also perfect for griddles and indoor cooking, making me a stellar short order cook in the mornings!” says Karmel. The shorter handle, the off-set neck and the flexible head provides maximum control—making the spatula invaluable for all your cooking jobs; indoors and out. It's never been so easy to flip! The Super Silicone™ Off-Set Spatula is designed for multi-use in the kitchen and on the grill and is packed in the BBQ to Go Kit as well as sold open-stock for a suggested retail of \$15.00.

The Grill Friends™ Super Silicone™ Off-Set Spatula is distributed by Harold Import Co. along with the rest of the Grill Friends line of ceramic serving pieces and outdoor cooking tools including the award-winning Super Silicone Angled BBQ Brush, the first-ever Silicone BBQ Mop, the GrillMat™; the Grill Friends™ Turkey Sitter and Grill

###

*“To me Grilling is about Fun and Function. My line of Grill Friends® and Kitchen Friends™ cooking and grilling tools combine fun, contemporary colors and features with functional designs. After 15 years of grilling for a living, I’ve learned a thing or two about what does and doesn’t work. When I design these pieces, I make sure that each item in my line will work as well around the grill or in the kitchen for the new cook as it does for me. Each piece is both Functional and Fun, because when it doesn’t function; you don’t have fun!”*
